SUBJECT: November Budget Rebalance Information

INFORMATION: The Department of Human Services November Budget Rebalance information will be public this week and will include the identification of reductions to be taken on February 1, 2003 if this becomes necessary.

As previously promised, Seniors and People with Disabilities are completing the preparation of budget reduction impact information for each county. This information includes the number of people in each program who will be losing services by living situation and the funding reductions to local service providers.

We are also providing briefing papers on the programs that will be reduced or eliminated. This may help you in answering questions about the programs and who currently receives services.

We anticipate releasing the impact information prior to the end of this month.
